

## **TRAINING RESOURCES**

Training for parishes is an important part of a full response to domestic violence.

Here are some initial points of contact for such training:

- McAuley Community Services offers training for employers to enable them to be part of the solution - [click](#) for details
- Good Shepherd Australia New Zealand provides a broad range of training programs to support groups and organisations to identify and respond to people who are experiencing family violence. [Click](#) here for further details.
- Think Prevent – an Active Bystander Training program to prevent violence. Learn how to safely and effectively intervene and contribute to a change in the social acceptability of bullying, discrimination sexism and violence. For enquiries or to book at free consultation see [www.thinkprevent.com](http://www.thinkprevent.com).

Catholic Social Services Victoria will update parishes on training resources in early 2017. Enquiries can be directed to Helen Burt – [Helen.burt@css.org.au](mailto:Helen.burt@css.org.au), tel 9287 5566.
